

The Pharmacy Has Closed For Relocation

The Pharmacy has temporarily closed in preparation of relocating to the second floor of the Buford L. Rolin Health Clinic.

The Pharmacy will reopen at 8:00 a.m. on Tuesday, August 15, 2017 in its new location.

Currently the drive-thru is not complete. Until the drive-thru has been completed, you will have to come inside to the Pharmacy to pick up your medications.

The second floor of the Health Clinic is accessible by stairs and elevators. If you have concerns with coming upstairs to pick up your medications, you may send someone else to pick up your medication. They will need to know your name and date of birth.

We understand that this may be an inconvenience for some of our Tribal Members, unfortunately the weather has slowed the construction process. We ask that you convey this information to your family members.

We ask for your patience during this time of transition.

With the movement of the Pharmacy to the Health Clinic, all on-site medical services will be under one roof. This will eliminate a lot of in and out for all of us. We are officially a “One Stop Shop!”

If you have any concerns or issues, please contact Carrie Martin, Quality Assurance Coordinator at (251) 368-9136 x 2374.
